

MINNESOTA AUTISM CENTER SEEKING OCCUPATIONAL THERAPIST

The Minnesota Autism Center (MAC) provides therapeutic supports for children, youth and families affected by Autism Spectrum Disorders (ASD). MAC is staffed by highly trained professionals who provide Applied Behavioral Analysis (ABA) therapy on an individualized basis with the goal of reducing and eliminating the signs and symptoms of autism in children and youth. MAC is committed to providing the highest quality of structured behavioral intervention with the goal of reducing future supplementary support. MAC services children and youth ages 2-21 throughout the State of Minnesota and is looking to add speech and OT services to programming.

This full-time position with the Minnesota Autism Center can offer:

- Competitive wages
- Outstanding benefits
- Professional growth and opportunities for advancement
- Flexible scheduling available at select locations
- Tuition Reimbursement
- Reimbursement for CEU's
- PTO
- 401(k) Matching

Qualifications

Candidates must have a Master's degree and Certification by the National Board for Certification of Occupational Therapy, prior experience in Occupational Therapy and a license in the State of Minnesota.

Current Health Care Provider Credentialing preferred.

If interested in this position, please submit resume/application to Ryan Cornelius at hr@mnaautism.org or fax to 952-767-4211.
